Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 1 p.m. Tuesday, December 30, in Room 481, Docking State Office Building, 915 S.W. Harrison, Topeka, to consider the adoption of proposed changes to the existing rules and regulations that support the Kansas retailers' sales and use tax acts. The changes include the adoption of new regulations and the amendment or repeal of a number of existing regulations.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written public comments on the proposed rules and regulations prior to the hearing to Tom Hatten, Attorney/Tax Specialist, Office of Policy and Research, Department of Revenue, 2nd Floor, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612-1588.

All interested parties will be given a reasonable opportunity to present their views, either orally or in writing or both, concerning the adoption of the proposed regulations. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Tom Hatten at (785) 296-4010 or (785) 296-6461 (TTY). Handicapped parking is located in State Parking Lot No. 2, south of the Docking Building facing Harrison Street. The north, south and east entrances to the Docking Building are accessible.

The regulations are proposed for adoption on a permanent basis. A summary of the proposed rules and regulations and their economic impact follows.

Adoption of K.A.R. 92-19-1b; repeal of K.A.R. 92-19-1a. Collection schedules for state and local sales tax. K.A.R. 92-19-1b would replace the bracket tables in K.A.R. 92-19-1a and K.A.R. 92-21-21 with a written description of the straight percentage calculation that retailers should use to compute sales tax on their customer sales. This should clarify tax collection duties and should not have any economic impact on Kansas retailers, government agencies or units, or the general public.

Amendment of K.A.R. 92-19-3. Credit, conditional and installment sales. Amendments to this regulation would strike the repealed tax rate from the regulation and clarify that taxpayers on the accrual basis may deduct bad debts before the debts are written off for federal income tax purposes. These changes reflect current department policy. This should help to clarify what are acceptable accounting procedures for retailers and should not have a significant economic impact on Kansas retailers, government agencies or units, or the general public.

Repeal of K.A.R. 92-19-8. Auctions, sales and consignments. This regulation is inaccurate because it fails to

mention the exemption of certain auction sales made for not more than two households or principals. Its repeal is not intended to change the basic policy of treating auction sales and consignment sales as retail sales. Repeal of this regulation should not have a significant economic impact on Kansas retailers, government agencies or units, or the general public, because the controlling statutes and case law that treat auctioneers as retailers remain in place.

Adoption of K.A.R. 92-19-13a; repeal of K.A.R. 92-19-13. Florists. This proposal would provide the same treatment to Kansas florists that other states provide to their florists. If the proposal is implemented, Kansas will no longer be the only state that attempts to collect tax on telegraph orders that their florists receive from other florists. Under this proposal, Kansas florists would be required to collect tax when they accept a telegraph order from a customer and not when they receive an order from another retailer. This proposal will simplify and clarify collection requirements for Kansas florists. It should not have a significant economic impact on Kansas retailers, government agencies or units, or the general public.

Adoption of K.A.R. 92-19-16a; repeal of K.A.R. 92-19-16. Gifts, premiums, prizes, trading stamps, coupons. The proposed regulation is intended to clarify the current policy and eliminate a number of internal inconsistencies in the existing regulation. Since the proposed changes are only intended to state the current policy more clearly, there should be no economic impact on retailers, government agencies or units, or the general public.

Adoption of K.A.R. 92-19-18a; repeal of K.A.R. 92-19-18. Signs. The regulation being adopted is intended to clarify that the rental of advertising space on a billboard is a nontaxable service rather than a taxable lease of tangible personal property, as the current regulation states. This should clarify taxation of billboards and should not have a significant economic impact on Kansas retailers, government agencies or units, or the general public.

Repeal of K.A.R. 92-19-19. Telephone and telegraph services. This regulation is no longer accurate because it does not implement the 1992 imposition on interstate telephone calls or address the special regulatory treatment that is needed for cellular telephones. Repeal of the regulation should not have any economic impact on Kansas retailers, government agencies or units, or the general public because the controlling statutes, policy and case law remain in place.

Adoption of K.A.R. 92-19-25b; repeal of K.A.R. 92-19-25a and K.A.R. 92-19-27a. Exemption certificates. The new regulation would replace two regulations on exemption certificates with one regulation that describes "good faith" in the manner set forth in 1997 House Bill 2105. Repeal of the existing regulations should not have a significant economic impact on Kansas retailers, government agencies or units, or the general public since they do not represent current policy.

Amendment of K.A.R. 92-19-30. Motor vehicles or trailers; isolated or occasional sales. Amendments to this regulation are intended to incorporate legislative changes that exempt vehicle sales made between certain family members, and to incorporate other changes to bring it

into compliance with current editorial standards. These changes reflect current department policy and should not have any economic impact on Kansas retailers, government agencies or units, or the general public.

Repeal of K.A.R. 92-19-32. Used farm machinery and equipment; repair, replacement parts, and maintenance services. This regulation implemented the 1978 exemption for used farm machinery and equipment. The exemption for farm machinery and equipment has been greatly expanded since 1978 and the regulation is no longer accurate. Repeal of the regulation should not have any economic impact on Kansas retailers, government agencies or units, or the general public since the regulation is obsolete and is not being followed.

Repeal of K.A.R. 92-19-34. Isolated and occasional sales exemption. This regulation does not address changes to the definition of isolated or occasional sales that the legislature made in response to this regulation's adoption and for certain auction sales (see K.S.A. 79-3602(j)). Since the regulation does not reflect the controlling statutes, its repeal should not have a significant economic impact on Kansas retailers, government agencies or units, or the general public.

Repeal of K.A.R. 92-19-35. Application for certificate of registration; bond requirements. This regulation does not state the current policy on corporate bonds. Since the regulation is not being followed, its repeal should not have any economic impact on Kansas retailers, government agencies or units, or the general public.

Repeal of K.A.R. 92-19-39. Natural gas, electricity, heat and water; sales for agricultural use. This regulation should be repealed since it was effectively struck down by the Kansas Court of Appeals in *In re Tax Appeal of Alex Mason*, 21 Kan. App. 2d 863, 909 P.2d 673 (1995). Since this regulation is not being followed, its repeal should have no economic impact on Kansas retailers, government agencies or units, or the general public.

Adoption of K.A.R. 92-19-49a; repeal of K.A.R. 92-19-49. Refunds and credits. The proposed regulation is intended to codify department policy with regard to refunds and credits. The new regulation codifies current department procedures which implement legislative changes made in 1997 House Bill 2105. The proposed regulation should clarify procedures for obtaining refunds and should reduce costs associated with refunds for some consumers.

Amendment of K.A.R. 92-19-66b. Labor services. The proposed amendments to this regulation mirror the statutory changes of inserting "tornado," while eliminating "windstorm, hailstorm, rainstorm, [and] snowstorm." Since the statute controls, changing the regulation so that it is consistent with the controlling statute should have no economic impact on Kansas retailers, government agencies or units, or the general public.

Repeal of K.A.R. 92-19-66d. Factory built and manufactured homes. This regulation does not correctly apply the sales tax law to this industry and is not being followed by the department. Notice 97-01 was issued earlier this year to serve as a guide for the industry and the department. Since the regulation is not being followed, its repeal

should have no economic impact on Kansas retailers, government agencies or units, or the general public.

Adoption of K.A.R. 92-19-66e; repeal of K.A.R. 92-19-66a. Project exemptions. Both regulations concern project exemption certificates. K.A.R. 92-19-66(e) is intended to replace K.A.R. 92-19-66(a). The new regulation codifies current department procedures that implement legislative changes made in 1997 House Bill 2105. It also provides a refund procedure for qualifying entities that neglect to secure a project exemption certificate before materials are purchased for an exempt project. This regulation codifies the department's procedures that instruct political subdivisions how to secure project exemption certificates from the department or issue the certificates themselves as agents of the department. This could reduce their administrative costs.

Repeal of K.A.R. 92-19-68. Temporary service providers. This regulation attempts to impose collection duties on temporary service providers when they furnish temporary employees that perform taxable services. The regulation is of questionable legality and should be repealed. Repeal of this regulation should have little economic impact on Kansas retailers, government agencies or units, or the general public.

Repeal of K.A.R. 92-19-78. Interest and penalty. This regulation should be repealed since it does not reflect changes in the law on penalty and interest. For example, penalty is no longer imposed after only 30 days and interest generally applies to refunds. Since the regulation is not being followed and does not reflect the controlling statutes, its repeal should not have an economic impact on Kansas retailers, government agencies or units, or the general public.

Repeal of K.A.R. 92-21-18. Place of sale—installation, maintenance, servicing, and repairing—service or maintenance agreement contracts. This regulation was struck down by the Kansas Supreme Court in Capital Electric Line Builders, Inc. v. Lennen, 232 Kan. 379, 654 P.2d 464 (1982). Since the controlling statutes fix the policy and are being followed, the repeal of the regulation should not have any economic impact on Kansas retailers, government agencies or units, or the general public.

Repeal of K.A.R. 92-21-21. Bracket systems for adding and collecting state and local taxes. K.A.R. 92-19-1b would replace the bracket tables in K.A.R. 92-19-1a and K.A.R. 92-21-21 with a written description of the straight percentage calculation that retailers should use to compute sales tax on customer sales. Since K.A.R. 92-21-21 is not being followed, its repeal should not have any economic impact on Kansas retailers, government agencies or units, or the general public.

Copies of the regulations and their economic impact statements may be obtained from the Kansas Department of Revenue, Office of Policy and Research.

Margaret A. Gatewood, General Counsel, Kansas Department of Insurance, Topeka, October 8, 1997.

The Kansas Health Insurance Association is a governmental entity in that it is created by statute (K.S.A. 1996 Supp. 40-2119, as amended by L. 1997, Ch. 98, §§ 1-4), serves a governmental function of providing insurance coverage to individuals who are in an uninsurable high risk pool, and exercises its power (to create and implement a plan to provide insurance coverage) under the significant control of the Commissioner of Insurance. Department of Health and Environment

Notice of Hearing on Proposed Administrative Regulations

The Kansas Department of Health and Environment, Division of Environment, Bureau of Air and Radiation, will conduct a public hearing at 10 a.m. Tuesday, January 6, in the KDHE main conference room, Building 283, Forbes Field, Topeka, to consider proposed amendments to existing air quality regulations K.A.R. 28-19-517, K.A.R. 28-19-546, K.A.R. 28-19-562 and K.A.R. 28-19-563.

K.A.R. 28-19-517 and K.A.R. 28-19-546 establish annual emissions inventory requirements for Class I and Class II permittees, respectively. K.A.R. 28-19-561, K.A.R. 28-19-562 and K.A.R. 28-19-563 establish Class II operating permits-by-rule for specific categories of sources. A summary of the proposed changes and associated economic impacts follows.

These regulations are proposed for amendment to change the reporting dates for air emissions inventories. The amendments will conform the reporting date of each of these regulations with the annual emissions fee payment date established in the recent amendment of K.A.R. 28-19-202, i.e., June 1 of each year. These revisions are needed to prevent the submission of two duplicative reports. K.A.R. 28-19-517 and 28-19-546 require owners and operators of stationary sources operating under Class I and Class II operating permits, respectively, to file annual

emissions inventory reports. The time for filing is set in each of these regulations as April 1 of each year. The date was originally set to conform to the date set for payment of the annual emissions fee under K.A.R. 28-19-202, which was amended to change, among other elements, the payment date from April 1 to June 1. Sections 517(a) and 546(a) and (b) are proposed for amendment to change the report filing date from April 1 to June 1 of each year, to conform to the new K.A.R. 28-19-202 date.

The deletion of subsection (b) of K.A.R. 28-19-17 is necessary to eliminate a provision that is no longer needed. A records retention time period specification is proposed to clarify the regulation to provide greater certainty regarding the requirements for the regulated community. K.A.R. 28-19-561, K.A.R. 28-19-562 and K.A.R. 28-19-563 also are proposed for amendment to clarify that the requirements to develop compliance plans are not triggered by paperwork violations, but only by the operation of the source at a level exceeding the defined levels of the regulation.

K.A.R. 28-19-546(b) cross-references to K.A.R. 28-19-561 to 28-19-563, which also establish reporting dates set as April 1. Therefore, these sections also are proposed to be amended to change the reporting dates to June 1, specifically at K.A.R. 28-19-561(c)(3), 28-19-562(d)(2), and 28-19-563(b)(2)(C).

No economic impact upon the regulated community, the public or the agency is expected from these proposed regulatory changes.

The time period between the publication of this notice and the scheduled hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed regulatory action. All interested parties may submit written comments prior to the hearing to Ralph J. Kieffer, Kansas Department of Health and Environment, Bureau of Air and Radiation, Building 283, Forbes Field, Topeka, 66620. All interested parties will be given a reasonable opportunity to present their views orally on the proposed regulatory action during the hearing, as well as to submit their written comments at that time. In order to give all parties an opportunity to present their views, it may be necessary to require each participant to limit any oral presentation to five minutes.
